

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
10000396401-MSC-ACCREDIA-ITA

Initial certification date:
08 April 2021

Valid:
08 April 2021 – 07 April 2024

This is to certify that the management system of
INTERPUMP PIPING GS S.r.l.
Via Giambattista Vico, 2 - 42124 REGGIO EMILIA (RE) - Italy
and the sites as mentioned in the appendix accompanying this certificate

has been found to conform to the Quality Management System standard:
ISO 9001:2015

This certificate is valid for the following scope:

Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.

(IAF: 17, 14, 29)

Place and date:
Vimercate (MB), 04 May 2021

SGQ N° 003 A	EMAS N° 009 P
SGA N° 003 D	PRD N° 003 B
SGE N° 007 M	PRS N° 094 C
SCR N° 004 F	SSI N° 002 G

Membero di MLA EA per gli schemi di accreditamento SGQ, SGA, PRD, PRS, ISP, GHG, LAB e LAT, di MLA IAF per gli schemi di accreditamento SGQ, SGA, SSI, FSM e PRD e di MIRA ILAC per gli schemi di accreditamento LAB, MED, LAT e ISP

For the issuing office:
DNV - Business Assurance
Via Energy Park, 14, - 20871 Vimercate (MB) - Italy

Zeno Beltrami
Management Representative

Appendix to Certificate

INTERPUMP PIPING GS S.r.l.

Locations included in the certification are as follows:

Site Name	Site Address	Site Scope
INTERPUMP PIPING GS S.r.l.	Via Giambattista Vico, 2 - 42124 REGGIO EMILIA (RE) - Italy	Legal Site
GS Hydro do Brasil Sistemas Hidraulicos Ltda (Rio das Ostras, Brazil)	Rua B, N70, Quadra 6, Lote 52, Barrio Imperial., Mare do Norte - CEP: 28898-008 Rio das Ostras, RJ, Brazil	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS Hydro do Brasil Sistemas Hidráulicos Ltda (Rio de Janeiro, Brazil)	Rua Visconde de Inhaúma 58, Sala 201 - Centro., Rio de Janeiro, RJ, Brazil	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro Ltd. (Aberdeen, United Kingdom)	Unit A, Broadfold Road, Bridge of Don, Aberdeen, AB23 8EE, United Kingdom	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.

Site Name	Site Address	Site Scope
GS-Hydro Austria GmbH (Pasching, Austria)	Schärdingerstrasse 7 A4061 Pasching, Austria	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro Benelux B.V. (Barendrecht, The Netherlands)	Zweth 24, NL-2991 Barendrecht, Netherlands	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro Danmark A/S (Kolding, Denmark)	Fabriksvej 12, DK-6000 Kolding, Denmark	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro S.A.U. (Abanto y Zierbena, Spain)	Polígono El Campillo Pabellón 22,48500, Abanto y Zierbena, Bizkaia, Spain	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.

Site Name	Site Address	Site Scope
GS-Hydro S.A.U. (Puerto Real, Spain)	C/ Chile 7, Polígono Industrial Bajo de la Cabezuela,11510, Puerto Real, Cádiz, Spain	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro S.A.U. (Las Rozas, Spain)	C/ Cabo Rufino Lázaro 5, P. Ind. Európolis,28230, Las Rozas, Madrid, Spain	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro Singapore Pte. Ltd (Singapore)	22 Joo Koon Circle, Western Region, Singapore 629054, Singapore	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro Sp. z.o.o. (Gdynia, Poland)	ul. Gołębia 11, PL-81-185 Gdynia, Poland	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.

Site Name	Site Address	Site Scope
GS-Hydro System GmbH (Witten, Germany)	Ruhrtal 5, D-58463 Witten, Germany	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro U.S. Inc. (Houston, United States of America)	16405 Air Center Boulevard, Suite 400, Houston, TX 77032, USA	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro UK Ltd (Osset, United Kingdom)	Unit 5, Daughters Court, Silkwood Park, Ossett, GB-WF5 9TQ, United Kingdom	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro UK Ltd. (Sunderland, United Kingdom)	Unit A Camberwell Way, Doxford International Business Park, Sunderland, GB-SR3 3XN, United Kingdom	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.

Site Name	Site Address	Site Scope
GS-Hydro Korea Ltd. (Busan, Korea)	173, Hwajeonsandan 1ro Gangseo-gu, Busan, KR-618-280, Korea	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro Piping Systems (Shanghai) Co. Ltd.	Plot A, No. 1 Workshop, No. 679 Shenfu Road, Minhang District, PRC-201108 Shanghai China	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
GS-Hydro AB (Sundsvall, Sweden)	Johannedalsvägen 67, S-86336, Sundsbruk, Sweden	Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
